

## **Museum of Optography** **Derek Ogbourne**

July – September 2012

Collections Building, Arts Area, Heart of Sharjah

Sharjah Art Foundation will present Derek Ogbourne's ongoing Museum of Optography, The Purple Chamber.

Created in 2007 as an investigation into the idea that 'a last image' is fixed on the retina at the moment of death, this touring exhibition consists of drawings, paintings, photography, film, sound, video art, and objects that blur the boundaries between art, science and history.
